

# Illinois Legislative Roster — 1818-2021

This roster includes members of all 101 General Assemblies that have met since Illinois became a state in 1818. The 1st General Assembly, which met at Kaskaskia on Oct. 5, 1818, consisted of only 14 Senators and 29 Representatives. In contrast, the current General Assembly — the 102nd — has 59 Senators and 118 Representatives.

Members of the 16th General Assembly, which convened in Springfield on Jan. 1, 1849, were the first to be elected from defined districts. House members of the 74th General Assembly (1965-66) were elected “At Large” because of the failure to reapportion.
